A LETTER TO OUR SHAREHOLDERS

On behalf of the Board of Directors, we are pleased to present the 2011 Annual Report to the shareholders of Range Financial Corporation, the holding company for Range Bank.

Range Bank was chartered in June 1887, and this year we will celebrate our 125th year in business. Since our beginning in 1887, we have been unwavering in our commitment to serve our customers well and help them achieve their financial goals. We are proud of this service and proud that over this time we have remained a strong and growing bank with assets of over \$266 million as of December 31, 2011. In addition, we manage \$178 million of sold commercial and mortgage loans as well as off balance-sheet business sweep accounts, bringing our total assets under management to \$444 million.

I am pleased to report that the financial performance of our Corporation was solid for the year 2011, exceeding our expectations with net income of \$2,105,000. This marks the third consecutive year that net income has exceeded \$2 million. The book value of your shares at year-end was \$137.78 per share, which is an increase of 5.62%. The annual dividend yield was 3.34%, bringing the total return on your shares to 8.96%. Once again, we were able to achieve this level of earnings during a struggling economy due in large part to a hardworking, dedicated staff and the stewardship of your Board of Directors. In addition, our problem assets remain at a very manageable level. Rest assured, we remain committed to maintaining excellent asset quality.

As I've often said in the past, our success is truly the result of an excellent team of employees providing excellent customer service and 2011 was no exception. During the year, we hired four additional bankers with local market experience to help us to continue to grow: Danny Dawidowski, a veteran Trust Officer, and Michele Kontio, a veteran Trust Administrative Assistant, joined us to head our new Trust and Wealth Management Department; Brian Syrjala, a long-time area mortgage banker, joined us as our Mortgage Business Development Officer; and John "Jack" Frost was hired as Chief Financial Officer, replacing Roxanne Daust who was promoted to Executive Vice President. These four individuals bring extensive experience to our company, and we are very pleased to have them as part of our team. Additionally, we have enhanced our customer service by adding mobile banking, online mortgage applications, and we recently purchased a new facility to improve services to our customers in Lake Linden.

In summary, we are proud of our history and thankful to the countless number of employees and directors who have guided us for the past 125 years. Our company story continues to be written. As we move forward we're confident that, with your continued support, we will achieve great success together.

If you have any questions or comments, please feel free to contact me at kapalmer@rangebank.com or 906-228-8041. As always, we hope to see you at the Annual Meeting of Shareholders on May 15, 2012.

Sincerely,

Kenneth A. Palmer
Chairman, President & Chief Executive Officer

125 YEARS AND GROWING

A lot has changed since we opened our doors back in 1887. Cars have replaced horses. Elvis and the Beatles have come and gone. And technology is driving the way we work and live. One thing, however, has remained constant: our focus on helping local people and businesses thrive.

From our very beginnings, Range Bank has remained a true community bank. Our commitment to our customers, businesses, and communities has remained steadfast. Our vision has remained clear. And our core values have kept us strong, even in challenging economic times.

Today, Range Bank continues to lead the way by providing our customers the services, resources, and convenience they need to grow and prosper. We have 12 branches conveniently located throughout the central Upper Peninsula. We combine all the resources of a larger, nationwide bank with the friendly, personal service of a community bank.

Like the U.P., Range Bank has come a long way in 125 years. We've grown and stayed close with the people and businesses here. That's why Range Bank is where the U.P. banks.

ALL ABOUT COMMUNITY

Helping a history museum build a brighter future.

After 125 years, Range Bank knows the value of preserving our area's heritage. That's why we were happy to support the building of the new [Marquette Regional History Center](#).

In 2007, the Marquette County History Museum – the oldest historical society in the U.P. – began a Capital Campaign to build a state-of-the-art history and cultural center in downtown Marquette. The plans were to renovate an old bus terminal across from the historic courthouse. The entire project was estimated to cost \$4.2 million.

"Range Bank has been wonderful," states Kaye Heibel, executive director of the museum. "Right from the beginning, they saw the value of this project and what it would mean to the community, both culturally and economically. They've been so supportive."

In March 2011, the Marquette Regional History Center opened its doors to the public. "It's been incredible," says Heibel. "It's exceeded all our expectations. Visitors from outside the area are amazed at what we have to offer, especially since we're in a smaller community."

Heibel appreciates the value of working with a community bank like Range. "The most successful banks are those with a direct connection to our community. Range Bank has that."

125 years. Two organizations. One incredible ski event.

Like Range Bank, the [Ishpeming Ski Club](#) is celebrating its 125th year. Which is why it made perfect sense for Range Bank to sign on as the title sponsor of the club's annual ski tournament.

"It really helped having Range as the major sponsor," says Bob Hendrickson, ski club vice president. "They helped create more excitement for the event. They also made it easier to attract other sponsors."

Range provided more than just financial support, however. "Range came to the table with some great ideas," says Hendrickson. "They helped market the event with posters, buttons, etc. They provided volunteers, too. They really pitched in."

The tournament, which attracts top ski jumpers from around the country and Europe as well, has been an annual event dating back to 1925. This year's event was held on February 8, 2012, and attracted over 1,000 spectators. "It was the most successful event in decades," adds Hendrickson.

Hendrickson, along with the entire ski club, sees a big advantage in partnering with a community institution like Range Bank. "There's a lot of community pride in our organization," explains Hendrickson. "Range Bank shares that pride. After 125 years, we're both still really connected to our community."

Our new Trust & Wealth Management team: Growing and protecting your wealth.

For 125 years, Range Bank has been driving new and smarter ways for people to grow and manage their money. Today, we're proud to offer Trust & Wealth Management services to our customers and shareholders throughout the U.P. Our new Trust & Wealth Management team has a wealth of experience and keen insight to help you grow and protect your nest egg.

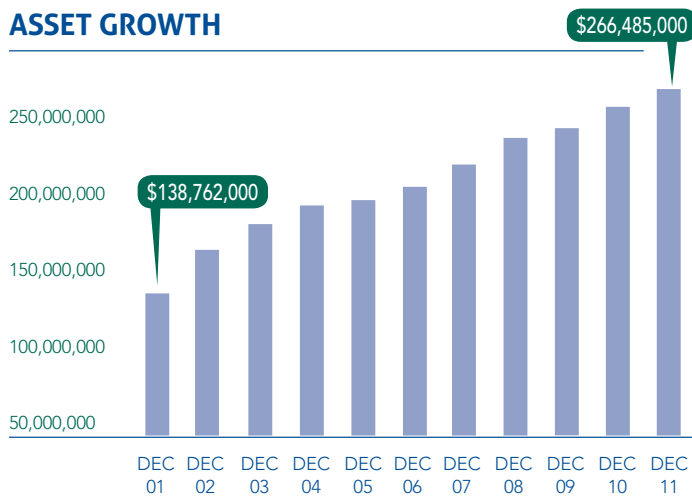

Danny Dawidowski is a trust and investment professional with over 36 years of experience. He has formed close personal relationships with clients throughout the U.P. He provides attentive, personal service for true, peace-of-mind investing and estate planning. He's deeply committed to every client's personal and financial goals. Supporting Danny is Michele Kontio, who has over a decade of trust experience. Michele works closely with clients, managing much of the day-to-day activities. Together, Danny and Michele can guide you through a wide range of trust and investment matters. So whatever your goals are, you can trust the Trust & Wealth Management team at Range Bank.

“ You want to plan and secure your future with someone you know and trust. Who better than a bank that's been invested in the community for 125 years? ”

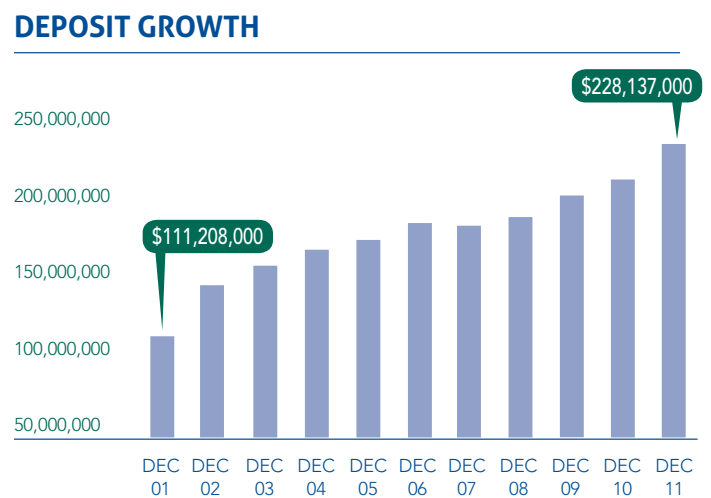

*Danny Dawidowski, Senior Vice President
Trust & Wealth Management*
